PURPOSE OF THE LEGISLATION AND SUMMARY

H.R. 662, the “Surface Transportation Extension Act of 2011,” amends title 23 and title 49 of the United States Code, and the Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy For Users (P.L.109-59), to provide an extension of the Federal-aid highway, highway safety, motor carrier safety, transit, and other programs funded out of the Highway Trust Fund until the end of fiscal year 2011 pending enactment of a multiyear law reauthorizing such programs.

BACKGROUND AND NEED FOR LEGISLATION

The Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users (SAFETEA-LU) was enacted in August of 2005 and reauthorized Federal surface transportation programs through September 30, 2009.

On September 30, 2009, SAFETEA-LU expired. A series of extensions of SAFETEA-LU were enacted in the 111th Congress to continue funding authority under SAFETEA-LU program structures. The latest extension, the Surface Transportation Extension Act of 2010, Part II (P.L. 111-322), will expire on March 4, 2011.

The Surface Transportation Extension Act of 2011 continues authorization of Federal highway, transit, and highway safety programs through the end of fiscal year 2011, at the same program funding levels as fiscal year 2009, the last year authorized by SAFETEA-LU. This authorization is necessary to allow funds that have been included in transportation appropriations legislation to flow to States and local transit agencies. Failure to pass this extension will cause expenditures for these Federal transportation program to cease from the Highway Trust Fund, essentially “turning off” Federal surface transportation funding until legislation is passed allowing such expenditures to be made.

LEGISLATIVE HISTORY

A series of six extensions were passed by the 111th Congress to continue the authorization for Federal highway, transit, and highway safety programs. On October 1, 2009, H.R. 2918 was signed into law (P.L. 111-68), extending these programs through October 31, 2009. On October 30, 2009, H.R. 2996 was signed into law (P.L. 111-88), extending these programs through December 18, 2009. On December 19, 2009, H.R. 3326 was signed into law (P.L. 111-118), extending these programs through February 28, 2010. On March 2, 2010, H.R. 4691 was signed into law (P.L. 111-144), extending these programs through March 28, 2010. On March 18, 2010, H.R. 2847 was signed into law (P.L. 111-147), extending these programs through December 31, 2010. On December 22, 2010, H.R. 3082 was signed into law (P.L. 111-322), extending these programs through March 4, 2011.

HEARINGS

The Committee on Transportation and Infrastructure held no hearings on H.R. 662.

COMMITTEE CONSIDERATION

On February 16, 2011, the Committee met in open session and ordered the bill H.R. 662 favorably reported without amendment, by voice vote, a quorum being present.

COMMITTEE VOTES

In compliance with clause 3(b) of rule XIII of the Rules of the House of Representatives, the Committee advises there were no record votes during the Committee's consideration of H.R. 662.

COMMITTEE OVERSIGHT FINDINGS

Clause 3(c)(1) of rule XIII of the Rules of the House of Representatives is inapplicable because this bill merely extends current authorizations and does not authorize any new programs.

NEW BUDGET AUTHORITY AND TAX EXPENDITURES

In compliance with Clause 3(c)(2) of rule XIII of the Rules of the House of Representatives, the total estimated funding levels for the programs included under H.R. 662 are the same funding levels authorized for such programs under current law in fiscal years 2009 and 2010. This legislation does not increase new budget authority above current enacted levels and does not authorize any new or increased tax expenditures.

CONGRESSIONAL BUDGET OFFICE COST ESTIMATE

In compliance with clause 3(c)(3) of rule XIII of the Rules of the House of Representatives, the Committee sets forth, with respect to the bill, H.R. 662, the following

estimate and comparison prepared by the Director of the Congressional Budget Office under section 402 of the Congressional Budget Act of 1974:

[insert CBO letter]

PERFORMANCE GOALS AND OBJECTIVES

Pursuant to clause 3(c)(4) of rule XIII of the Rules of the House of Representatives, H.R. 662 is intended to provide an extension of the Federal-aid highway, highway safety, motor carrier safety, transit, and other programs funded out of the Highway Trust Fund until the end of fiscal year 2011.

ADVISORY OF EARMARKS

In accordance with clause 9 of rule XXI of the Rules of the House of Representatives, H.R. 662 does not contain any congressional earmarks, limited tax benefits, or limited tariff benefits as defined in clause 9(e), 9(f), or 9(g) of Rule XXI.

CONGRESSIONAL BUDGET OFFICE COST ESTIMATE

February 25, 2011

H.R. 662 **Surface Transportation Extension Act of 2011**

*As ordered reported by the House Committee on Transportation and Infrastructure
on February 16, 2011*

H.R. 662 would extend through September 30, 2011, the surface transportation programs originally authorized by the Safe, Accountable, Flexible, Efficient Transportation Equity Act (SAFETEA-LU, Public Law 109-59). SAFETEA-LU was most recently extended in the Hiring Incentives to Restore Employment of 2010, Public Law 111-147. CBO estimates that enacting H.R. 662 would not affect direct spending or revenues; therefore, pay-as-you-go procedures do not apply.

The bill would set the amount of contract authority (the authority to incur obligations in advance of appropriations, a mandatory form of budget authority) at \$52.7 billion for 2011. Consistent with the rules in the Balanced Budget and Emergency Deficit Control Act for constructing the baseline, CBO assumes that funding provided by the bill would continue at the same rate in each of the following years. Hence, CBO estimates that enacting the bill would result in contract authority totaling \$580 billion over the 2011-2021 period. That funding level is identical to the contract authority currently projected in CBO's baseline for the 2011-2021 period; consequently, enacting H.R. 662 would not provide additional budget authority above the amounts assumed under current law. CBO expects that most spending from surface transportation programs will continue to be controlled by limits on annual obligations set in appropriation acts.

H.R. 662 would authorize the appropriation of \$2.2 billion for three programs administered by the Federal Transit Administration for 2011. A full-year appropriation for those programs has not yet been enacted for fiscal year 2011. The annualized amount of the appropriation provided in the continuing resolution for those programs is equivalent to \$2.2 billion.

CBO has determined that the nontax provisions of H.R. 662 contain no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

The CBO staff contact for this estimate is Sarah Puro. The estimate was approved by Theresa Gullo, Deputy Assistant Director for Budget Analysis.

Section 101(e). Extension of Authorizations Under Title V of SAFETEA-LU.

Section 101(e) strikes "155/365 of" and extends the existing extension dates through fiscal year 2011 in Section 411(e) of the Surface Transportation Extension Act of 2010.

Section 101(f). Administrative Expenses.

Section 101(f) amends Section 412(a)(2) of the Surface Transportation Extension Act of 2010 to authorize appropriations out of the Highway Trust Fund for administrative expenses at \$422,425,000 through fiscal year 2011.
