The Honorable Luis Gutierrez  
Subcommittee on Insurance, Housing  
and Community Opportunity  
U.S. House of Representatives

Dear Chairperson Biggert and Ranking Member Gutierrez:

We, the members of the National Foreclosure Prevention and Neighborhood Stabilization Task Force, are writing to express our support for the Neighborhood Stabilization Program (NSP) and to oppose the Committee's plans to introduce a bill to terminate the program.

Convened in November 2007, the National Foreclosure Prevention and Neighborhood Stabilization Task Force is a cross-industry group of local and national organizations working to address the impacts of the foreclosure crisis on communities. Our mission is to bring together advocates, practitioners, and other experts from across the country around foreclosure prevention and neighborhood stabilization efforts to exchange critical information and to help craft policy, legislative, and programmatic initiatives that primarily support low and moderate-income individuals and families.

All three rounds of NSP are critical because they provide emergency assistance to states, local governments, and nonprofits to acquire and redevelop foreclosed, vacant, and abandoned properties that have become blights on the community and are driving down neighboring property values. The first two rounds of the NSP program will impact an estimated 80,000 foreclosed, abandoned, or vacant properties, and we estimate that NSP3 will impact tens of thousands more. Terminating the program in the middle of the foreclosure crisis would further harm neighborhoods and would slow the recovery of the housing market.

Therefore, we strongly urge you to permit the Neighborhood Stabilization Program to continue helping America's neighborhoods.

Sincerely,

The undersigned organizations and localities of the National Foreclosure Prevention and Neighborhood Stabilization Task Force:
