Subject: King Amendment to defund ObamaCare

To the Rules Committee
From Newt Gingrich

I am writing to strongly support making in order an amendment by Congressman Steve King to defund implementation of " Public Law 111-148, Public Law 111-152, or any amendment made by either such law."

Two federal judges have declared the key part of this law unconstitutional.

One judge noted the absence of a severability clause and concluded that therefore the entire law was unconstitutional (a tribute to the bad drafting and haste of the process).

Every survey shows a majority of the American people opposed to the law.

The three wall charts created by the Center for Health Transformation (available at healthtransformation.net) show the 1,968 grants of bureaucratic power and the 159 new federal offices created by the law.

Surely the House deserves an opportunity to vote on such a timely and important amendment.

Thank you for considering this letter
