**To Whom It May Concern:**

My organization has worked diligently since the start of the pandemic to provide real-time solutions and resources to our community and Queens Together has been a steadfast partner from the very beginning. It is with great pleasure that I am writing this letter of support.

Queens Together has consistently been a leader in the grassroots efforts to obtain the investments needed to grow the economy in Astoria, LIC, Woodside, Sunnyside while not losing sight of the investment in human capital that is critical to making sustainable change in this community. As a community leader and partner Queens Together worked with my organization to deliver approximately grossary and fresh vegetable along with host numerous appreciation distribution events for essential workers and needy families.

I look forward to continuing to work with them as the recovery and healing of our neighborhoods continues. It is without hesitation that I support Queens Together.

I thank you in advance for any consideration you will give Queens Together as they endeavor to do even more to assist our communities.

Yours in Service,

**MD. JABED UDDIN**
